PROGRAMMING LANGUAGES

Python

FRAMEWORKS & LIBRARIES

React.js FastAPI
scikit-learn

OTHER CORE SKILLS

LLaMA 3.3 70B ATHENA
Electron.js NLP
TF-IDF Entity Extraction
Threat Pattern Identification
Real-time Sentiment Analysis Chatbot
Speech Recognition
OpenWISP Firmware Upgrader Module
GSoC 2025 Preparation
K-Hub Outreach Fellowship
AI Engineering Depth
Open-source Contribution Experience
Real Industry Exposure
AI Fundamentals
Software Engineering Leadership
Team Collaboration
Machine Learning (ML)
API Integration

SOFT SKILLS

Leadership Team Collaboration

LANGUAGES

english

PROFESSIONAL SUMMARY

Executed machine learning models for predictive analytics, integrated API interfaces for real-time data processing, contributing to AI development lifecycle.

EXPERIENCE

Developer Intern

Jun 2023 – Aug 2023 | *Raj Reddy Center for Technology & Society (RCTS), IIIT Hyderabad*

- Accelerated machine learning models for predictive analytics in social-impact projects.
- Achieved API interfaces for real-time data processing and analysis.

PROJECTS

AERIS GUARD

- Trained ML models achieving 95% accuracy in threat pattern identification.
- Developed NLP pipelines processing over 10,000 documents per day using scikit-learn and TF-IDF.
- Implemented entity extraction algorithms reducing false positives by 40%.

AERIS Real-time Sentiment Analysis Chatbot

- Engineered real-time sentiment analysis chatbot with 98% accuracy in speech recognition.
- Integrated natural language processing for context-aware responses using NLTK and spaCy.
- Optimized latency to under 20ms, enhancing user engagement.

LLaMA 3.3 70B Integration into ATHENA

- Migrated LLaMA 3.3 70B models into a cross-platform AI assistant with React.js and Electron.js.
- Enhanced API performance by 50% using FastAPI for real-time interactions.
- Deployed to 1,200+ users across multiple platforms ensuring seamless integration.

AWARDS & RECOGNITION

- **Finalist at ANVAKRIT 2025, National Crime Scene Investigation Competition organised by the National Forensic Sciences University (NFSU)**

EDUCATION

B.Tech Computer Science

Sep 2021 - May 2026 | KIET Kakinada (Cybersecurity specialization)

HACKATHONS & WORKSHOPS

- **College Hackathon** · Winner (Sep 2023 - May 2026)
